

# Year 7

# Jewellery Box

## Resistant Materials Project

(WoodS)

Name:

Form:

Group:

Teacher:

Insert Picture of Final Making

### Assessed pieces of work in this project...

1. Product Analysis
2. Design Specification
3. Evaluation

# Task Analysis

LO: To be able to analyse a task

Size

Function

Client

Cost

Materials

Manufacturing

Safety

Environment

Where will it go?

What will it be used for?

Aesthetics

## Client Profile

**LO: To be able to identify the needs of the client**

Insert photo

Name of client:

Gender:

Age:

Hobbies:

Where do they live:

Favourite colour:

Other interests:

Anything else:

# Product Analysis

Write down the good and bad points of these products.  
Stretch and Challenge: Use all points of ACCESS FM and be critical and justify

## Assessment Piece

1. Some points of access fm
2. All the points of access fm
3. 2 points from each section of access fm
4. Justified points
5. Critical analysis

To improve this product analysis or one in the future you should include:

# Design Specification

Your sentence should be definite, e.g. My product 'will' have... Don't say you 'could' or you are 'thinking about'. Make sure it's specific!

Stretch and Challenge: Use all points of Access FM and make sure each point is justified

A large rectangular box containing 15 horizontal dotted lines for writing.

## Assessment Piece

1. **A point for all areas of ACCESS FM**
2. Detailed points
3. Justified points
4. Three points for every area of ACCESS FM

To improve this design specification or one in the future you should include:

# DeSign ideas

**LO:** To be able to COMMUNICATE deSign ideas

Draw a range of 2D design ideas of your jewellery box. Take a look at the examples and ideas on the help desk and TV.

Stretch and Challenge: Use an underlay to create a 3D design

# Diary of Making

Step No	Description of what I have done today	Description of what I will need to do next

7 | Date:

# Evaluation

What went well?

.....

.....

.....

.....

Areas for development/improvements for next time?

.....

.....

.....

.....

Problems you had to overcome and how you did this?

.....

.....

.....

.....

## Assessment Piece

- 1. Comments about ideas/product**
- 2. General comments which relate to the spec.**
- 3. Views of one/two peer recorded**
4. Comments on how the ideas/product can be improved
5. Views of several peers recorded
6. Detailed comments that relate to individual spec. points
7. Sketches and notes, which show improvements to the end product
8. Views of the target market

To improve this evaluation or one in the future you should include:

**Sketches...** to show how you could improve the final product
